

Welcome to Heath Lane Academy

Principal's Welcome...

We are delighted to welcome you to Heath Lane Academy

Heath Lane Academy offers a vibrant, caring and aspirational learning environment for the young people of our community.

We pride ourselves on the high expectations we have of our students in everything that we do. Our school has improved significantly in recent years due to our 'warm and strict' approach. Our school culture demands that students are well behaved and demonstrate a positive attitude to their education. Students and staff understand that our strong culture gives our students the best possible chance to be successful in their lives. As part of the Midland Academies Trust, we prioritise academic success for all of our students. We deliver an aspirational knowledge rich curriculum which is designed and implemented to ensure all of our students 'graduate' to aspirational destinations. Our staff work collaboratively across the Trust to innovate and plan exciting and inspiring learning, enabling our students to leave Heath Lane Academy with a lifelong love of learning.

We are passionate about our students learning beyond the classroom to develop a holistic education and strong character. These opportunities include volunteering in our community, Sports, Art, Drama, Music and much more. If you would like to work with Heath Lane Academy to develop further links with our community, then we would love to hear from you.

We are excited about our school being at the centre of our community. Recent events have shown the importance of communities working together and we look forward to working together for the benefit of our community.

The quality of what we can offer can be judged by coming to visit us and seeing for yourselves.

Enjoy our website and I look forward to meeting you soon.

Mark Trimmingham

Transition...

Here at Heath Lane Academy and throughout the Midland Academies Trust, we support all students through key transition stages.

Transition refers to the changes children and young people go through as they progress between different educational settings and move to employment or training. Moving from one school setting to another can be stressful and at the same time exciting.

In our approach we work with our primary schools to offer a taster 'Peek at a morning' in Year 5 and in Year 6 a three day transition before children join the school in September. We believe that these opportunities set all the children up for a happy and positive start in their new school

Don't just take our word for it...

Here are some of the comments from last year's Year 6 children.

'I was nervous about coming to Heath Lane Academy but I had a great time, meeting new friends and new teachers,

'I think it was good to come to Heath Lane Academy as I now know my way around and feel more confident'

'There isn't anything to be scared of, I came with my Year 5 teacher for a morning and then again in Year 6 for the full days, it was great'
